

Music Medicine Institute Receives Grant From Kiwanis Club of Skidway

Greg Stinson, 2011 president-elect, Kiwanis Club of Skidaway, presents a club grant of \$1,000 to Dr. Elizabeth Jacobi, founder/director of the Music Medicine Institute (MMI). Also on-hand is Captain Jennifer MacKenzie, representing Savannah's Hunter Army Airfield (HAAF) community. The September 30, 2010, grant continues local Kiwanian support for MMI's developmental music therapy program intended to benefit the families, especially the children, of service men and women stationed at local military installations but deployed overseas.
