

Kiwanis Club of Skidaway and MMI Celebrate Sixth Anniversary of Support

Kiwanis Club of Skidaway President Bob Norton presents a check for his organization's continuing support for the Music Medicine Institute to MMI's Founder and Director, Elizabeth Jacobi. The presentation was made in October and marks the sixth consecutive year the Kiwanians have recognized MMI for its work with the families of Savannah-area military men and women.

"We cannot thank the Kiwanis Club of Skidaway enough for its continuing confidence in our locally-focused programs," said Dr. Jacobi in accepting the award. "Bob and his fellow members are so very important to us, and we appreciate their ongoing support and involvement."
